THE MISSOURI MINER.

Missouri School of Mines and Metallurgy, Rolla, Missouri.

Vol. 6, No. 4.

Friday, September 26, 1919.

Price, 7 cents.

18-HOLE MATCH TO BE PLAYED ON LINKS SUNDAY, OCT. 5th.

An 18-hole match game has been arranged by Coach Dennie between Stubbs and Thomy to rouse interest in the golf tournament.

The match will be played off Sunday afternoon, October 5th, starting at 2 o'clock. Stubbs has made the nine holes several times in less than 40, while Thomy made a 42 the first time around.. A match between two such golfers is not seen every day on the Rolla links, so a good gallery is expected. All students and residents of Rolla who are interested in golf are cordially invited to the links to see the match.

October 19th is the last day for qualifying for the golf tournament, which will start the 26th. To qualify it is necessary to turn in to Coach Dennie the scores of six consecutive rounds played since Sept. 19th. That leaves a week in which to allow the handicaps.

Any member of the Athletic Association is eligible for the tournament, whether an active or an associate member. No matter if one is a poor player, a good handicap allowance gives him a chance to be the winner. The more in the tournament the better.

A Letter from T. P. F. Walsh to the Miner says, that all are having the time of their sweet young lives and no visible drinks as yet.

LOST

A fraternity pin with a Maltese Cross bearing Greek letters P. L. E. Five dollars reward if returned to Miner office

TWO GAMES IN SIGHT FOR HOME GROUNDS.

Coach Dennie has two football games in sight for the home grounds, although he has not as yet had the signed contracts returned to him.

If the Kirksville Osteopaths sign, we play them here October 4th for the first game of the season. The other game which

Coach hopes to get is with James Milligan University, on November 15th.

M. S. M. has but three games this year in Missouri Valley Conference—Drury, Westminster and Warrensburg Normal. However, there is a good bunch of men out this fall, and things look as though we will have a rather successful season. If we do, we will have a great many more games in the Conference next year.

INTER-CLUB-FRAT BASKETBALL TO START SOON.

Inter-Club and Fraternity basketball will start some time next month. A committee consisting of Bohn, Swayze and Ziesenis has been appointed to draw up the rules and regulations governing the play.

The winner will probably be decided on the percentage basis, allowing each team to play every other team once or twice, as the committee decides.

In last weeks issue we neglected to mention that besides those members of the faculty named, Dr's. Turner and Steinburg are also on the A. I. M. E. trip.

The election of the members of the Student Council was postponed from today to Mass Meeting next Friday, Oct. 3rd.

TENNIS SINGLES START MONDAY.

The singles in the tennis tournament start next Monday with matches between R. G. Kenyon and Scruby, and R. J. Kenyon and Nudelman. Wednesday will see matches between Mize and Salmon, and Wier and E. L. Miller, Jr. Eight men are entered in the singles, and the winner of the school championship will be decided on a percentage basis when the tournament is ended, October 22nd.

Barring rain or wet ground each match should be played on the dates as given below. There is one day between each set of matches, allowing two days for the games in case of bad weather. Any games unplayed on account of bad weather will be played after the schedule has been completed. Results must be signed by both contestants and turned in to Coach Denrie.

The following are the entrées, with their key numbers:

1. R. G. Kenyon.
2. R. J. Kenyon.
3. C. R. Mize.
4. H. D. Scruby.
5. J. C. Salmon.
6. E. L. Miller Jr.
7. T. G. Wier.
8. B. Nudelman.

The following is the schedule for play:

- September 29—1-4; 2-8.
October 1st—3-5; 6-7.
October 3rd—1-5; 2-7.
October 4th—3-8; 4-6.
October 6th—1-7; 2-5.
October 8th—6-3; 8-4.
October 10th—1-3; 2-6.
October 11th—4-5; 7-8.
October 13th—1-8; 2-3.
October 15th—4-7; 5-6.
October 17th—1-6; 2-4.

JUNIOR.

The old proverbial Junior
 "Pep" is snappier than ever
 this year. Watch out. The
 17th of March is coming.

We expect gruesome tales,
 full of wet adventure and bad
 luck from some of the Junior
 members when they return from
 the Senior trip.

Speaking about real bliss,
 see Al Laun about the assay
 quiz last Tuesday.

Great progress has been
 made at the school mine the
 last few weeks, according to
 "Fish" Salmon. He asks us to
 announce to the Mining Lab.
 students "to get out of the way
 when the Dynamite Fuses are
 lighted, as he don't want to

hurt any one in getting out of
 that place."

What did the amusements
 drift into at the party Thurs-
 day night when the lights went
 out?

Rackett, in Mineralogy, to a
 bunch of Juniors: "A rock is a
 heterogeneous conglomerate
 combination of mineralogical
 compounds in an impenetrable
 junction or state."

"Bus" Hughes measured his
 length on the Post Office steps
 Tuesday afternoon. There's a
 reason.

Let's be thinking about lining
 up with Gus and, giving him
 our best.. He's a good man,
 but we can help him. Team
 work is the word.

DON'T take a fellow's pipe. Take some other possession. Because wrapped up in his pipe is a fellow's peace of mind, his relaxation, his contentment. This is more than true if it's a W D C Pipe, because then a good smoke is multiplied many times over. Our special seasoning process takes care of this by bringing out all the sweetness and mellowness of the genuine French briar. Just you go to any good dealer and select several good shapes. Put them in your rack. Smoke a cool one every time, and you'll be well on your way to pipe-happiness.

WM. DEMUTH & CO., NEW YORK
WORLD'S LARGEST PIPE MANUFACTURERS

**TO REPRESENT ALLIS-
CHALMERS AT A. I. M. E.
MEET.**

The honor of representing the Allis-Chalmers Co., of Milwaukee, at the meeting of the American Institute of Mining and Metallurgical Engineers in Chicago this week, has been accorded John M. Morris, who graduated from M. S. M.

last June. The Allis-Chalmers Co., of Milwaukee, with which Mr. Morris is associated, is one of the largest manufacturers of engineering instruments and supplies in the country, and besides representing the company Mr. Morris will have charge of the Company exhibit at the Institute of Engineers. It is highly pleasing to note the

progress and advancement of M. S. M. men in every field, and all of us join in congratulating "Johnnie" over the prominence he has already attained with his company. Mrs. Morris (nee Olive Scott) accompanied her husband to Chicago, and is enjoying the social features of the meeting.

THE MISSOURI MINER.

A weekly paper published by the Students, in the interest of the Alumni, Students and Faculty of the Missouri School of Mines and Metallurgy, Rolla, Mo.

Entered as second class matter April 2, 1915, at the post office at Rolla, Missouri, under the Act of March 3, 1879.

MINERS ARE TAKING IN CHICAGO.

A. I. M. E. Hdqrs., Sept. 23,'19.
Missouri Miner,
Rolla, Mo.

All Miners arrived O. K. in Chicago via the C. & E. I. Most of the boys found accommodation at the Y. M. C. A. Hotel, while some stayed with friends (other than bar keeps.)

At 9 a. m. (Monday) the registration for the A. I. M. E. started. Every man had to fill out a card, and check all of the numbers on the program he expected to attend. Of course, everybody checked the Smoker and Banquet, while the other numbers went according to interest in the various events.

The session opened at 11 a. m. with a lecture or paper on "Mine Taxation," by L. C. Graton, of Washington, D. C. There were also sessions on Milling Practice, Coal and Gas, Geology, etc., which were all well at-

tended by the delegates, visitors and others. In the geology sessions the sleepers were awakened by a spirited argument between two eminent geologists (see Webb) about whether the Huronian of the Lake Superior district was laid down in three or more distinct periods or not. No blows were struck, and everybody left happy.

Today (Tuesday) we were supposed to be in Gary at the steel works, but owing to the strike the trip was cancelled. Sessions which were supposed to have been held on the boat en route to Gary will be held at the hotel instead. Otherwise there is nothing to report..

EB.

"Torny" agreed that there is a slight difference between the "loop" districts of Rolla and Chicago. We have a "Rolla Table" reserved at the banquet—oh, boy! "Johnny" Morris, "Bill" Pugh, "Bill" Oyler, Fred Grotts, "Jack" Ingram, and others of former M. S. M. days are at the convention.

Sept. 25, 1919.

Just about ready to depart on LaSalle, Ill., trip, and haven't got much time.

The banquet last night was a success in every way—even "Doc" Cox admits it. M. S. M. was represented by the full quota, and had a long table in one corner of the hall, but nevertheless we could hear everything which the speakers wished us to hear.

Goldsmith, Murphy, Stoner, Walsh and myself took in one of Chicago's high class shows the other afternoon. We also discovered a "zone of flowage" on Wabash Avenue, which had to be investigated. Prof. Forbes took in a real show, and is still talking about it.

Everybody O. K.

FROM THE FLAGPOLE.

Rixleben should by right break into the news twice this week, but we are only allowing him one paragraph for two subjects; first, for his trained squad which is so proficient as to not need command from the corporal; and second, for last week-end spent at Lindenwood with "her," the only HER, the one who has always meant so very much to Rix, the one who has led him onward and upward, even as that shining star led the wise men of Egypt to bigger and better things, among them being that very high moral code to which you all know Rex attains.

Charles L. Woods, Publisher.

we are told of the absoluteness of the laws of nature, the profound sequence, and the very regularity with which they happen; as timid as the undulated lapping of the waves at some cavern mouth on a juttied water's edge. The utter awfulness (in its true sense) indeed, the very sublimity of it almost drives us into ecstasies.

General Orders No. 2.

1. In accordance with par-
37, Special Reg. 44, War Dept.,
18,1919, the following promo-
tions and appointments are
hereby made in the Corps of
Cadets of the Missouri School
of Mines for the school year
1919-1920:

To be Cadet Captain:

Oscar E. Stoner, '20.

To be Cadet First Lieutenants:

E. L. Miller, Jr., '20.

Osher Goldsmith, '20.

To be Cadet Second Lieuten-
ants:

A. D. Hahn, '20.

L. Thomy, '23.

To be Cadet First Sergeants:
Cadet Sgt. K. H. deCousser, '22.

Cadet Sgt. P. W. Smith, '23.

To be Cadet Sergeants:

Cadet Corporals W. H. Metzger,
'22; P. D. Windser, '22; J. L.
Campbell, '22; P. H. Har-
ges, '22; O. E. Fisher, '23; S.
W. Kilgore, '23; W. A. Wor-
rer, '23.
